

Susan DeMarois At Large

Susan DeMarois was appointed by Governor Gavin Newsom to serve as Director of the California Department of Aging effective November 1, 2021. As Director, Ms. DeMarois is committed to stakeholder engagement; equity and inclusion; and system transformation to prepare our state for the year 2030 when one in four Californians will be aged 60 or older.

Prior to joining CDA, Director DeMarois led public policy and advocacy for the national Alzheimer's Association in California, serving as the nonprofit organization's registered lobbyist in Sacramento where she advocated for legislative, budget, and regulatory changes at the state capitol. The organization led the effort to enact the first dementia early detection initiative in the nation focused on the Medicaid population: SB 48 (Limón) signed into law by Governor Newsom.

Ms. DeMarois served as an appointee to Governor Newsom's Alzheimer's Prevention and Preparedness Task Force, chaired by former First Lady Maria Shriver, in addition to the Master Plan for Aging Stakeholder Advisory Committee, a workgroup established by Executive Order. In addition, she represented the Alzheimer's Association on the CalHHS Agency Secretary's Alzheimer's Disease and Related Disorders Advisory Committee.

Before working for the Alzheimer's Association, Ms. DeMarois led government and community relations for the UC Davis Health System where she gained deep health policy and clinical workforce experience. Early in her career, she worked for LeadingAge California, the professional trade association representing not-for-profit housing, residential care and skilled nursing providers. A graduate of CSU Chico, Director DeMarois started her career working for the U.S. Congress and California State Assembly. She is a proud mom to two adult daughters, and draws inspiration for her work from her own mom's experience with dementia.
