

THE MEDICARE LOW INCOME SUBSIDIES

WHAT THEY ARE: The Medicare low-income subsidies are a set of federally and state funded programs that help make Medicare more affordable for low-income Medicare recipients. These programs include the Medicare Savings Programs (MSPs), and the Medicare Part D Low Income Subsidy/Extra Help program (often referred to either LIS or Extra Help).

For information on how to apply, see next page.

UNDERSTANDING LIS / EXTRA HELP

LIS or Extra Help is a program run by the Social Security Administration that helps low-income Medicare recipients save on Medicare Part D prescription drug costs.

HOW THEY WORK: Individuals must fall into the federal income and asset limits (see chart below). Individuals who receive Extra Help must sign up for a Medicare Part D prescription drug plan or a Medicare Advantage plan with prescription drug coverage.

Medicare pays for the full monthly premium if an individual signs up for one of the stand-alone Prescription Drug Plans that offer the standard Part D benefit, referred to as low-income benchmark plans. People who are dual-eligible (on both Medicaid and Medicare), receive Supplemental Security Income (SSI), or have an MSP are automatically signed up for the Extra Help program.
